November 2021

Dear Customer,

As Carlo Gavazzi develops and introduces new products to best serve our customers, we continually review the product lifecycle of the existing portfolio. With this in mind, we are announcing the discontinuation of our SPM Series Low Profile Power Supplies and providing you with their SPMA Series replacements.

Old Item Number	Replacement Item	Different Features
SPM1051	SPMA05151	<u>Product design:</u> SPMA comes with a new housig design for more uniformity with Carlo Gavazzi products. CG is the owner of the certificates and this will facilitate PLB business when/if required. <u>Technical specifications:</u> Insulation voltage SPMA (4kVAC) required in EV battery chargers Smaller footprint (model dependent) <u>Pricing:</u> SPMA prices are positioned in such a way to be more competitive against aggressive brands even with low quantity orders. <u>Product nomenclature:</u> Product nomenclature was revised to reflect the structure used on the other product families.
