

FLIR Ex Accessory Value Package

Model: 63900-VP

Includes the car charger, battery, pouch, wall charger, and FLIR VP50 voltage detector & light for use with FLIR Ex Series Cameras.

FLIR 63900-VP Offers

Get the most out of your camera with this value bundle. This bundle is for the Ex Series FLIR Thermal Imagers.

VP05 Non-Contact Voltage Detector Flashlight

When taking measurements use the VP05 to confirm the presence of voltage to help determine the reason for temperature readings at outlets.

T198530 Spare Battery

Spend more time in the field with a spare battery. Know that you can spend the time to do the job right.

T198531 Ex Series Battery Charger

Make sure your battery is always charged and ready to go with the battery charger.

T198532 USB Micro Car Charger

When you're on the road you can charge your battery in a pinch with the car charger accessory.

T198529 Pouch Carrying Case

Keep your instrument safe with the Pouch Carrying Case. Includes a waist-belt attachment.
