Product Change Notification

PCN-ICC-8213-2022

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
ICC - Industrial Cabinet	BE1	Product Change Notification	Notify Distributors and Field	8/23/2022

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

Due to the manufacturing processes, the housing will be slightly modified. The old injection molding tools have almost reached the end of their service life, so new injection molding tools will be implemented in the processes. This also means switching from a cold runner to a hot runner system, which will result in a slight change in the visual appearance of the housings. The changes can be determined based on the production batch in the item list.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

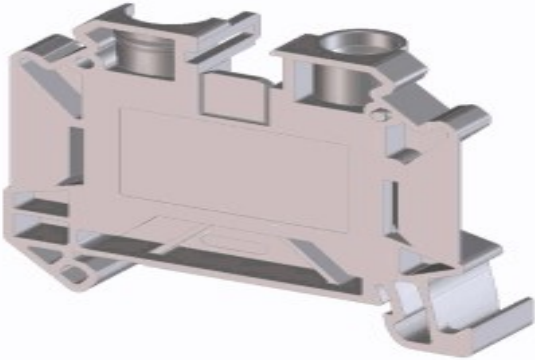

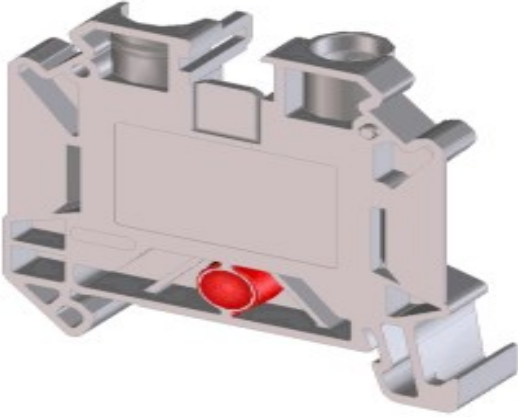

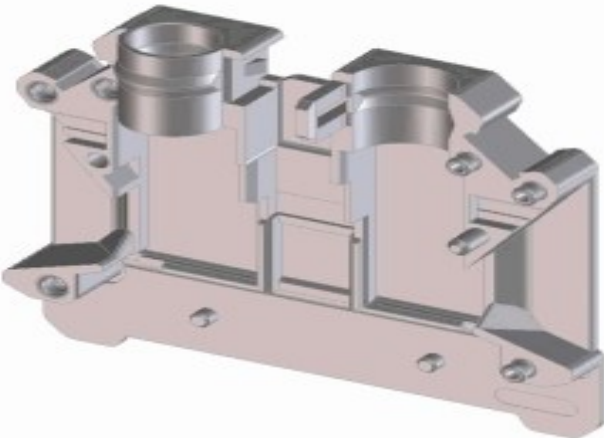

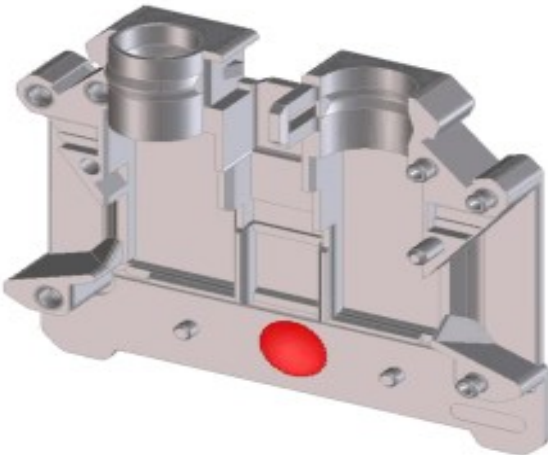

Transaction Dates

Date modification goes into effect from Germany:	1/31/2023
Expected first shipment (from Phoenix Contact) of the modified products(s):	1/31/2023
