

# End of Life (EOL) Notice

March 23<sup>rd</sup> 2023

---

## To our Valued Customers:

Laird Connectivity have improved and optimized the LTE performance of our Sentrius RG191+LTE IP67 Gateway product. This has led to the launch of a new part number for the latest version of the product – 450-00109-K2.

In order to ensure customer clarity and streamline operations, Laird Connectivity is announcing the End of Life (EOL) of the current part # 450-00109-K1.

There is no Last Time Buy (LTB) being offered for the current part # 450-00109-K1, as its replacement 450-00109-K2, is being made available as a direct replacement with no core functionality differences between the products. The changes in the variants are the adding of an additional external LTE antenna, internal optimizations for improved LTE performance and the product now holds Verizon and AT&T certifications. Full details of any software updates are available in the Software Release Notes document on the Sentrius<sup>™</sup> RG1xx product page of [www.lairdconnect.com](http://www.lairdconnect.com)

Any customer previously purchasing and utilizing the 450-00109-K1, can seamlessly utilise the 450-00109-K2 in its place.

Part number affected:

- **450-00109-K1** – Sentrius<sup>™</sup> RG191+LTE IP67

Replacement part number:

- **450-00109-K2** – Sentrius<sup>™</sup> RG191+LTE IP67 (AT&T and Verizon)

We apologize for any inconvenience that this may cause. If you have any questions, please contact your usual sales representative.

Sincerely,

**Sen Ragavan**  
Senior Product Manager  
Laird Connectivity
