ATTN: Quality/Purchasing Manager

Subject: MASW20000- Addition of BCB coating

PCN #: PCN-01399

Dear Valued Customer:

The goal of MACOM Technology Solutions is to continually deliver high quality products and services that meet our customers' needs. We strive to offer products that are industry leading in terms of performance, delivery, safety and value.

In accordance with these goals, this communication is to inform you that MACOM is making a change to the following product.

MASW20000

A benzocyclobutene (BCB) polymer top coat is being added to the top surface of the die. This coat helps protect the active area surface from contamination and physical damage. There are no changes to design, form, fit, function, or reliability associated with this change. This change is effective immediately.

Please contact your local sales representative if you have any questions or require additional information.

Sincerely,

Alan Miller
Product Marketing Manager
