## DESCRIPTION OF CHANGE: (Required)

Military Grade Single-Sided Heat Shrink Label Rolls, for use with TDP Thermal Transfer Desktop Printers, with 025, 034, and 044 diameter sizes, and H050, H100, and H200 widths will be updated to include a paper liner material in place of the current polyester liner material. The change will improve the ease of use for tearing off the liner to remove the heat shrink labels from a printer. The change has a slight difference in appearance, but no difference in form, fit, or functionality, compared to the previous design. This change affects part numbers within the following families:
