
Notification of status transition to NRND products

Dear our valuable customer,

Thank you for your continued support.

We are writing to announce that the following products are moving to "Not Recommended for New Design (NRND)" status due to the difficulties of sustainable production and decrease in sales volume.

Please refer to the following information for details.

1. Target Products

Target Part No.	Alternate Product
R5542Zxx2B-E2-F	None
R5560Zxx1A-TL-F	None

2. Transition timing to NRND products

May 2023

3. Notes

After this announcement, the target product will be in the status of "Not Recommended for New Design (NRND)".

This status is handled as follows.

- We will continue to supply for current projects.
- Please do not select NRND products for new projects. Please consider alternative products instead of these.
- Samples are not available.

Thank you for your understanding and cooperation.

Respectfully Yours,

=====
