

Product Change Notification

TE Connectivity

Product Change Notification: PCN-23-174212

PCN Date: 11-MAY-23

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

QSFP Cage

Description of Changes

Please note that there is an upcoming change in the packaging (as mentioned below) for the listed parts in this PCN. 1. The structure of the emboss tape pocket has been optimized which involves a change in the bulge position. 2. Adding a new raw material supplier with the same material specification. 3. The color of the plastic reel has been changed from blue to black. Please note that the material is not changed, and this will not affect the usage. 4. Cover tape has been changed from cold press to hot press. Please note this will not affect the usage.

Before Change

Current Structure of Pocket

Blue Plastic Reel

After Change

New Structure of Pocket

Black Plastic Reel

Cold Press Packaging

Hot Press Packaging
