## **Declaration of End of Life**

### **SM150506-1**

DB Unlimited is committed to delivering the highest quality products. We do not assign a lifecycle to our existing, standard products.

However, due to material availability or unforeseen production issues, DB Unlimited occasionally needs to discontinue an item. Whenever possible, we notify affected customers and partners as early as possible to offer a last-time buy and assistance in approving a replacement.

In this case, we are unable to support any additional builds of this product and are requesting the return of any unallocated stock.

Please identify the amount of stock in your inventory and DB Unlimited will issue an RMA number and shipping instructions for it to be returned. Upon receipt and inspection of the returned materials, DB Unlimited will issue a credit memo for the original price of the product. Please do not issue a debit memo or apply a credit until the credit memo has been issued by DB Unlimited.

DB Unlimited is suggesting the SM150806-2 as the best replacement for SM150506-1.

Thank you for your assistance and patience in this matter.
