

PRODUCT CHANGE NOTIFICATION

PCN Publish Date: June 22, 2023

PCN #: 017463-002453

Change Title: Product Part Number, Material Change

Products Affected:

Current Part Number	6000D
New Part Number	6000DG

Description of the Change: add the "G" to part number to identify RoHs compliance

The current version of this product uses solderable tabs that are plated with a tin-lead finish. The RoHS compliant version will have a 100% matte tin finish per ASTM B545 with a nickel underplate barrier of 1.9 to 3.8 um. Product being built using this new plating process is identified with a "G" suffix at the end of the part# as show above in Products Affected. The material was changed to more standard 0.020" thick copper coil from 0.021",

Scheduling of Change: N/A

Customer Impact: None

Qualification Results: N/A
