Information Note

Change of marking on power capacitor series ModCap

TDK has been certified according to ISCC (International Sustainability and Carbon Certification) for using 100% bio-based PP film (mass balanced approach) on PEC HP ModCap® series. Consequently, the labels of the affected capacitors will include the logo of ISCC certification in future.

The use of the bio-based PP film does not change the recipe of the base film. Therefore, the performance, quality and specifications of the affected products remain unchanged.

Example of new and previous label

Previous label

New label with ISCC logo

Scheduled date of introduction: September 11, 2023

Enclosure IN (ID No. FILM P23-05)

Contact Mercedes González, CAP FILM ES HP PM, Málaga

Customers are asked to address inquiries directly to their sales contacts.

Information Note

1. ID No. FILM P23-05		2. Date of announcement May 26, 2023	
3. Product / product group PEC HP ModCap®	Old ordering code see UPtoDATE	New ordering code No change	Customer part number
4. Description of change TDK has been certified according to ISCC (International Sustainability and Carbon Certification) for using 100% bio-based PP film (mass balanced approach) on ModCap series. The labels of capacitors will include the logo of ISCC certification in future.			
5. Effect on the product or for the customer (benefit, quality, specification, lead time) The main benefit of ISCC certification for using 100% bio-based PP film is supporting sustainability and reduction of the CO2 footprint. As this change does not represent a formulation modification of the base film, the product performance, its quality and specifications are not affected by this change.			
6. Quality assurance measures / risk assessment No effect on product quality, specification and lead time.			
7. Scheduled date of change September 11, 2023			
8. Estimated date of first delivery of changed product September 11, 2023 <input checked="" type="checkbox"/> For an interim period we cannot rule out that old as well as new products will be shipped. <input type="checkbox"/> Future shipments can consist of old and new products as the new changed product is used as an alternative to the old product.
