Re: Altech Ground Fault Protection

Dear Valued Customers:

Until further notice our Altech line of Ground Fault Protection including the GFL, GF, and GFR series have been and will remain suspended affecting any new orders and any back orders you may have with us. This suspension is due to a full line redesign. The attached spreadsheet lists the part numbers within the GFL, GF, and GFR series.

Until we have our new products, please feel free to call us for possible alternate solutions. We are extremely sorry for this delivery issue for the ALTECH Ground Fault GFL, GF and GFR Protection products. Once our new line is UL approved, we will advise you accordingly.

Please do not hesitate to contact us with any questions.

Sincerely,
Altech Management
