

Product Discontinuity Notice

Dear customer,

The following products of our product range will be discontinued.

Two lists of the affected products are attached at the end of this letter:

- Catalogue section 3 part numbers with relevant replacements
- Additionally requested partnumbers with relevant replacements

Listed replacement part numbers in "catalogue section 3 part numbers" have already been implemented.

The additionally requested partnumbers will get new replacement partnumbers step by step.

In case of questions or requirements do not hesitate to contact the known contact person.

Please forward this important information also to other responsible departments in your company.

Thank you very much for your patronage for our products. We are looking forward to continue working with you.

With best regards

CONEC Elektronische Bauelemente GmbH

Product Discontinuity Notice

PDN-NO	PDN-Ä22-0486	Date: 30.09.2022
Product description	For the Filter- D-SUB and Filter- HD-SUB connectors with monolithic ceramic planar filter	
Reason for PDN / Technical Description	The raw material of dielectric ceramic with high dielectric constant, which is required to realize needed capacitance value in monolithic planar filters, is not available any more in such quantities to manufacture it in industrial manner. Thus Conec was forced to use other low pass filter technologies (individual capacitors, multilayer planar), which are already in use in custom specific and also standard filter connectors.	
Effective Date	30.09.2022 Conec internally decided to change technology immediately.	
Attached Documents	Two relevant lists about effected part numbers	
CONEC Contact	Please contact your CONEC sales contact or distributor for detailed information and replacement product.	
Effected Products	This applies to all Conec Filter-connectors, which were manufactured with a monolithic ceramic planar filter.	
Originator	CONEC Elektronische Bauelemente GmbH
