

Product Change Notification

TE Connectivity

Product Change Notification: P-23-024883

PCN Date: 27-JUL-23

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Arinc Products

Description of Changes

TE Connectivity's Supplier for component COMPRESSION SPRING for Arinc Products. Changed/added a second source to their plating process. This change will impact the following finish good part numbers. (Material is still the same, TE Connectivity supplier only added a second source to their process).

Reason for Changes:

Dear Customer, we hereby inform you about the change implemented in our supplier's process. Due to first source not being able to continue the plating process. This change will improve our lead times. This follows a strict procedure, which fully maintains quality, ability to supply and there is no form-fit-function change of the concerned products, the design of the components will remain the same and all part numbers remain unchanged. Supplier operates under a certified quality management system in accordance with standard Aerospace and Defense requirements. The parts will be first article inspected and validated prior to production assembly and before delivery.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	25-SEP-2023
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
