

Date: September 15, 2023

Attention: CDE Distributor Partners and Sales Representatives

Update of RJD series battery cell date codes

Part Numbers Affected:

***RJD2032C1, RJD2048, RJD2430C1, RJD2440,
RJD2450, RJD3032, RJD3048, RJD3555***

Reason for Notice:

Addition of second date code to verify the SOC (State of Charge) of the batteries.

What to Expect:

Effective immediately, production will add a 4th line marking to the cell to reflect the verification date when applicable.

When receiving a cell with 3 line markings, line 1 date code should be used.

When receiving a cell with 4 line markings, line 4 date code should be used.

3 Line Marking

Line 1 = Original date code

4 Line Marking

Line 4 = Verified date code

Any new SOC dates that are currently not printed on the cell will be advised before shipment and listed clearly on the inner and outer cartons.
