## Product Discontinuation Announcement

### FAYb Laser Marker **LP-Z** series

Dear valued customers,

This letter is to notify you that the FAYb Laser Marker **LP-Z** series will be discontinued.

As it became difficult to continue production due to the end of OS support and the end of production of many parts, we decided to discontinue the sale of this product.

We apologize for any inconvenience caused and appreciate your kind understanding.

■End of order acceptance: September 29, 2023 (JST)

■Maintenance period: September 29, 2028 (JST)

■Discontinued product and recommended substitutes

| Discontinued product  | Recommended substitutes  |
|---|--|
| <p>FAYb Laser Marker<br/><b>LP-Z</b> series</p>  | <p>We plan to release a recommended substitute model.<br/>For more information, please contact our sales office.</p> |

\*Special ordered products and accessories / options are included.

\*Please note that due to changes in market conditions, it may be difficult to obtain parts and the order end date may be pushed forward. If the order end date is moved forward, we will inform you as soon as we know.

Thank you for your continued support of Industrial Device Business Division, Panasonic Industry Co., Ltd.

Sincerely,

■Discontinued models on September 29, 2023 (JST)

\*Orders for optional products will end in June 2028.

■Regarding maintenance

- We accept repair requests up to the maintenance end date and repair items that arrive in our company. Also, repair requests are limited to those that can be shipped to our company within one month of receiving the request. If it is not shipped in time, it will be cancelled.
- The number of replacements is limited, so we may not be able to meet your needs.
- Please note that if it becomes difficult to obtain maintenance parts before the maintenance end date, we may terminate maintenance or refuse repair at that time.
- As for the repair, after we receive your request, we will check the condition of the product and provide you with a repair estimate (Price, delivery date). In that case, if we determine that it is difficult to guarantee the repair quality due to the condition of the product, we may not be able to handle the repair.
