Subject: Product Termination Notification MLX90314LDF-BAA-000-XX – MCM-17315

Dear valued Customer,

Herewith we inform you that Melexis intends to stop production of the above-mentioned product due to the obsolescence of the tester XTT.

To prepare a ramp-down scenario, Melexis will still accept orders of MLX90314LDF-BAA-000-xx till 30-SEP-2023. By then we expect a final all-time buy order for delivery until 31-MAR-2024. Hence, we are providing you a transition period of 11 months.

This order will be non-cancelable and non-returnable. The current unit price, payment terms and shipment terms remain applicable until further notice.

Regarding the storage of the products received by Melexis we refer to the [shelf life confirmation letter](#) and [guidelines for storage and handling of plastic encapsulated ICs](#) published on our website.

For logistical follow-up and assistance with your orders, please contact your Customer Relations contact at Melexis. In case of technical questions, please contact the undersigned.

Lack of response by the customer within the projected throughput time for providing the Last Time Buy order will trigger appropriate escalation actions by Melexis. In absence of feedback from the customer, a decision is taken by Melexis on how to proceed. The customer will be informed accordingly.

Sincerely,

Laurent Otte
