Data Sheet Change:
☐ Yes ☒ No
Attachment:
☐ Yes ☒ No

Description and purpose of change:

In order to meet current market demands, Würth Elektronik will release a second source core supplier to ensure supply chain.
 All products with date code 2024-03-01 or later, will be affected by this change.
 There will be no change in form, fit, function, quality or reliability of the product.

Detail of Change:

The 2nd Source Material has same characteristics as the 1st Source Material. Because of this, datasheet will have no changes.

Reliability / Qualification Summary:

Product approval is according to the specification criteria and is internally released by the Product Management Department.

Qualification according to ZVEI DeltaQualificationMatrix:

- Temperature Cycling - JESD22 Method JA-104
- Biased Humidity - MIL-STD-202-103
- External Visual - MIL-PRF-27
- Electrical Characterization
- Physical Dimension - JESD22 Method JB-100
