## Product Change Notice (PCN)

(10/04/2023)

### Improved Packaging for Single-In-Line Reed Relays

Dear Valued Customer,

Following our PCN dated 08/31/2023 to announce the improved packaging for Single-In-Line Reed Relays with added EPE foam between tubes inside the inner box as protective wrapping to reduce the risk of damage during transportation, Littelfuse would like to notify you of an additional change of the new MOQs for some of the reed relays. Please refer to the table below.

[Table 1: Part numbers affected:](#)

Littelfuse P/N	Inner Box		Outer Carton / MOQ	
	Qty		Qty	
	Before	After	Before	After
HE3621A0500	800pcs	700pcs	4,800pcs	4,900pcs
HE3621A1200	800pcs	700pcs	4,800pcs	4,900pcs
HE3621A2400	800pcs	700pcs	3,200pcs	3,500pcs
HE3621A2410	800pcs	700pcs	3,200pcs	3,500pcs

All new orders will be in the new packaging. As this is a running change, please note it is possible that there will be a mix of the two packaging types within one shipment.

Best Regards,  
Julius Venckus
