6th December 2023

Dear Customer,

Regarding: AXS CodeMaster and StrikeMaster ES product line

As a pro-active vendor Storm Interface is giving notice to our customers of a product 'end of life' discontinuation. Due to changing industry specifications, demand for certain legacy products featuring Weigand technology has diminished to a level where continued manufacture is no longer commercially viable.

Supply of these will be discontinued on the 1st July 2024 or when current component stock is exhausted (whichever is the earliest).

The following products are affected:

WE1KT10x	AXS Codemaster Anti-Vandal Keypad
WE2KT10x	AXS Codemaster Robust Keypad
WEPLXT20x	AXS Codemaster PLX Keypad
DX1KT20x	Strikemaster ES/Codemaster II Anti-Vandal Keypad
DX2KW20x	Strikemaster ES/Codemaster II Backlit Keypad
DXPS0010x	Strikemaster ES Controller
DXPS0030x	Strikemaster ES Controller (UL294)
DXPS1K10x	Strikemaster ES Controller and Anti-Vandal Keypad kit
DXPS1W10x	Strikemaster ES Controller and Backlit Keypad kit
DXPS1W30x	Strikemaster ES Controller and Backlit Keypad (UL294)
DXPS1K30x	Strikemaster ES Controller/Anti-Vandal Keypad (UL294)

Please note: An X in the part number represents any character or additional sequence of characters.

Thank you for your continued recognition of Storm Interface as a leader in product innovation. We continue in our commitment to provide you, our customer, with the very best data entry and assistive technology products available.

Yours sincerely,

Storm Interface
