| **Product Notice** | Digi introduced the next-generation, more capable Digi EX50 5G global router. Digi is streamlining the Enterprise product line to align with market demand and supply transitions to offer our customers newer 5G Technology. We are phasing out legacy 4G LTE (Cat-18) global models due to component availability.<br><br>The major benefits of this change are upgraded technology, fewer SKUs for partners to track, and the ability to redirect resources to innovate on newer products and services.<br><br>See your Digi Sales representative for questions concerning affected products.  A table with suggested replacement SKUs is provided below. |
