

Product/Process Change Notice

To: All concerned
From: Fernando Laplaza
Date: January 9, 2024
PCN-Ref. No.: [Internalize] Manufacturing location change of plastic part

This change does not affect the packaging, form, fit, function, quality, or reliability of the product.

The product made in the new manufacturing location has been qualified and validated based on the same specifications and Piher-Amphenol's quality standards.

Reasons for change

To internalize the plastic injection process of this part for improved flexibility and faster turnaround times.

Description of the change

The plastic part was being manufactured in a third-party company using Piher's mold.

From now on, the part will be manufactured in-house using the same mold and technology.

Part numbers involved in this change:

Old part numbering	New part numbering
JPEPL5034AMI	XBOPL5034AMI

Samples availability date: Immediately

Proposed implementation date: Immediately

Thank you for your understanding and continued support.

Should you have any questions or require further clarification, please do not hesitate to contact our customer service team.

Sincerely,

Fernando Laplaza
Product Process Manager
