

Packaging Spec. Change Notification

Dear Valued Customer,

Please accept this letter as an official notification of the packaging change of the **TCG070WV** and **T-55785** series of parts.

1. Products Effected

TCG070WV and T-55785 series (Except for touch-panel models including on-cell TFT.)

1. T-55785GD070J-LW-AGN
2. T-55785GD070J-LW-AHN
3. TCG070WVLQGPNN-AN70
4. TCG070WVLQGPNN-AN71

2. Background

In order to save storage space and improve efficiency, we have made the decision to change the quantity of each carton from 30 pieces to 48 pieces. The evaluation test results show that this package change has no impact on quality. As a result, we will be moving forward with this change to the TCG070WV series of parts.

3. Content of Change

1) Packaging quantity: 30pcs/carton→ 48pcs/carton

2) Total weight: 11.5kg →13.5kg

3) Package carton size change:

Current: Length 19.5in x Width 16.1in x Height 13.0in

New: Length 21.3in x Width 20.8in x Height 12.4in

January 11, 2024

4. **Schedule of Change**

January 2024, ex-factory

5. **Verification of Packaging Change**

Please refer to below evaluation test results, this packaging spec. change has no impact on quality.

Evaluation Test of Packaging Spec. Change:

1) Packaging Method Change

As described in the following details, the packaging method and materials will be changed.

Before change: Pack 3 products in one paper gasket, 10 paper gaskets in each carton, a total of 30 products in each carton.

Before
change

Weight:
11.5KG

January 11, 2024

After change: Pack 12 products in one tray, 4 trays in each carton, a total of 48 products in each carton.

Regards,

Kyocera Display Group.
