## TE Connectivity

Product Change Notification: PCN-24-199347

PCN Date: 05-FEB-24

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

### Product Description: (Text limited to 120 characters)

All Relays, Battery disconnectors and finished goods and products having single components made of Vyncolit X640

### General Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is making a material change for the single components (made of Vyncolit X640) going into the assemblies of PNs listed below by finding an alternative material from same supplier. As current material Vyncolit X640 is being discontinued by the supplier. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved.

### Reason for Changes:

Dear Customer, we hereby inform you of this change. The change does not impact the performance. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed
