## Description and Purpose:

In an attempt to minimize the supply risk to our customers for products listed in this PDN, onsemi is publishing this product discontinuance notification.

Some of the devices contained in this notice may be part of a product portfolio renewal process or a mitigating supply risk from manufacturing facility.

Additionally, onsemi continually monitors worldwide sales and billings activities on all the products offered to its customers.

The activity for some of the products on the attached device list has declined to a level that warrants the discontinuance of these products.

Some devices may have an alternate standard device or a suggested replacement as an alternative solution.

onsemi wishes to promptly inform our customer of our intent to exit this small portion of our overall portfolio so that you may plan appropriately and effectively for replacement devices.

onsemi has provided a list of replacement devices, where available, to aid in this process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available.

Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

onsemi is requesting customers for the long-term demand by **March 31, 2024** followed by last time buy by **August 13, 2024**.

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
