

Product change notification (PCN)

Title / short description	Housing design change
Affected article category	Measurement and control technology
Change category	Form and appearance
Change number	CCK220131-01
Reason for PCN/PDN Revision	Housing revision

Purpose/objective of the change

Product optimization: fit / form / function

Detailed description of the change

The PACT current transformers will soon exhibit new housing features that enable additional advantages for the application.

Among other things, a rotatable secondary terminal cover (captive) will be installed on the current transformer in the future, with which the four secondary terminals will either be made accessible by means of a 90° rotation or provide safe touch protection without twisting.

Furthermore, the colors of the current transformer housings are changing:

- The secondary terminal cover is changing from green to orange (RAL 2003)
- The housing color including all accessories is changing from black to gray (RAL 7042)

Identifying characteristics

Start of Production (SOP)	2024-07-01	Last Time Delivery (LTD)	-
Effective date (EOP)	2024-08-01	End of Service (EOSR)	-
End of Sales (EOS)	-		

Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- | | | |
|---|--|--|
| ☐ Software / Firmware Bugfix | ☐ Short-term delivery stop by supplier | ☐ Short-term recall by supplier |
| ☐ Force majeure | ☒ Product improvement with customer benefits | |
| ☐ Others | | |
