

Dear customers,

We would like to inform you that we have decided to reverse our decision to end of life the following products of the CMV50000 product family.

In July we communicated a Last-Time-Buy to you due to strongly decreased demand. However, during the last months, we received signals from several customers showing increased demand again.

Therefore, we are happy to announce that Product Discontinuation OS-PDN-2023-062 will be cancelled, and the below 2 product variants of CMV50000 family can continue to be ordered through the normal process.

Device	Material Number	Q-Number

Please direct your feedback to your local Sales office.
