## TE Connectivity

Product Change Notification: PCN-24-202317

PCN Date: 11-MAR-24

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**Product Description: (Text limited to 120 characters)**

DTXT 2 to 12 position connectors

**General Description of Changes**

The attached list of DTXT part numbers will be discontinued due to multiple, ongoing challenges we are facing with producing the DTXT line. As a result, last time buy will only be available for the select parts (identified in the attached list). Where possible, we recommend that any open or future orders be changed to the equivalent DT connector series. The recommended DT alternative part numbers are listed in the attached parts list. However, please ensure that the alternative part numbers provided are compatible with your specific application. Product drawings are available at TE.com but should you have any questions, please contact your local TE representative.

**Reason for Changes:**

Dear Customer, we hereby inform you of this change. As a result of ongoing challenges we are facing with producing the DTXT line, TE Connectivity, has decided to obsolete the attached list of DTXT connectors. These parts will be superseded by the equivalent DT series 2 to 12 position connectors.
