Details of Change

Sierra Wireless hereby announces the EOL of WP7601, WP7601-1, WP7603, and WP7603-1 from the 4G LTE product portfolio.

Due to component lead times and availability, customers are encouraged to communicate their intentions for a LTB to Sierra Wireless in advance of the LTB date. Note that the LTB quantity may be limited.

Please contact your Sierra Wireless Sales representative for more details.

Customers wishing to extend the life of a platform that has integrated the WP7601, and WP7603 can integrate the WP7611 or RC7611 for, or that has integrated the WP7601-1, and WP7603-1 can integrate the RC7611-1 or RC7110 for any new design.

Effective Dates

LTB (Last Time Buy) date is August 31, 2024. Purchase orders will only be accepted until this date.

LTS (Last Time Ship) date is February 28, 2025. All shipments must complete on or before this date.

Product Support and Maintenance

ACTIVE SOFTWARE MAINTENANCE PHASE:	COMPLETED Respective Software packages had been released and published on Sierra Wireless Source page (https://source.sierrawireless.com).
CRITICAL SOFTWARE MAINTENANCE PHASE:	FROM 29-FEB-2024 TO 28-FEB-2026 During this phase, new device software will be issued if a Critical software issue is discovered. A software issue is deemed to be Critical if it causes the Sierra Wireless product or service to become systematically unavailable or unresponsive, and there is no available resolution or workaround. No new device software will be released after the end of the Critical Software Maintenance Phase.
END OF STANDARD PRODUCT WARRANTY:	28-FEB-2026 End of standard product warranty period for devices shipped on the Last Time Ship date.
