

Product Change Notification for KIOXIA e-MMC

1. Outline

In order to remain a leader in the Flash industry and continuously fabricate new technologies, KIOXIA is announcing discontinuation of 64GB and 128GB gen. 3 e-MMC devices.

KIOXIA recommends migration to our latest generation of 64GB and 128GB gen. 5 product for better flexibility, product longevity, and cost competitiveness.

Please note that all other functions, characteristics and reliability of the new product are NOT changed from that of current product.

2. Current Product LTB/LTS Schedule

KIOXIA would like to complete production migration from current product to the new product with the following schedule.

Last Time Buy : September 30, 2024

Last Time Shipment : March 31, 2025

3. Current Product / New Product - Part Number

NAND Flash Memory Design Rule	Product Density	Current Product		New Product	
		Part number	Description	Part number	Description
BiCS FLASH™	64GB	THGAMVG9T23BAIL	Gen.3 e-MMC	THGAMSG9T15BAIL	Gen.5 e-MMC
	128GB	THGAMVT0T43BAIR	Gen.3 e-MMC	THGAMST0T25BAIL	Gen.5 e-MMC

4. New Product Shipping Schedule

Commercial Samples : Available now.

Mass Production : Started.

Please contact your KIOXIA sales representative for any questions or concerns.

We sincerely appreciate your cooperation in this change.
