

TE Connectivity

Product Change Notification: P-24-025937 PCN Date: 21-MAR-24

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

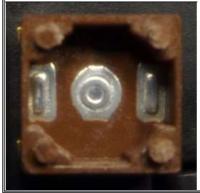

General Product Description:

MICRO MINIATURE PUSHBUTTON SWITCH

Description of Changes

This PCN is for additional information related to PCN-24-197114: This is to clarify that the change on the raw plastic material on the Case component from PPS to LCP does not affect any of the actual specs listed on the drawings, it would only affect in the change of color from brown to black. Change was made only for product improvement, mechanical and electrical specifications have not changed.

PPS case

Reason for Changes:						
Product improvement. The material change was made to prevent the possibility of electro-migration in the switch device.						
Estimated Dates:						
Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):					
	23-JAN-2024					
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):					
	No Mixed Shipments					

Part Number(s) being Modified:
