

Product change notification (PCN)

Title / short description	Additional cardboard core for ink ribbons
Affected article category	Marking and labeling
Change category	Form and appearance
Change number	CBG220034-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

The scope of supply of the listed ink ribbons will be extended to include an additional cardboard core.

Detailed description of the change

The additional cardboard core makes it easier to replace ink ribbons. The ink ribbon roll and the cardboard core with the used ink ribbon can be pulled directly from the side of the printer and pushed back on. This eliminates the need to cut and fix the ink ribbon on the cardboard core. This results in a fast ink ribbon change, easy handling, and therefore time savings. The change will be carried out gradually in the second quarter of 2024.
