

Product End of Life Notification		Date
		2/6/24
Product	TX64-A161-PR / TX64-R210-PR / TX54-A146 / TX54-A246	

Audience	All cellular product distributors, resellers, and customers.
Product Notice	<p>All TX54 and TX64 Primary Responder devices are compatible with the standard TX54 and TX64 DAL firmware releases which support a configurable Primary Responder (PR) mode, introduced in DAL firmware release (23.9.20.63 October 2023).</p> <p>See Digi's latest DAL firmware (23.12.1.56) release notes for additional details.</p> <p>This PCN is part of Digi's ongoing efforts to optimize our product portfolio, simplify, and provide more flexibility to our customers, without compromising the Primary Responder offerings. With the new configurable DAL, there is no longer a need to support TX64 specific PR SKUs, and therefore, Digi has made the strategic decision to discontinue the production and sale of all TX PR SKUs (TX64-A161-PR and TX64-R210-PR). The standard TX64-A161, TX64-R210, and TX54 (all SKUs) remain available (including the Primary Responder mode which is automatically enabled if the device has a FirstNet SIM card installed) providing the same Primary Responder features as the retiring 'PR' specific SKUs.</p> <p>See Digi's TX64 Primary Responder Mode resource for specific details.</p> <p>The major benefits of this change are updated DAL firmware and features, fewer SKUs to manage, and improved supply availability.</p> <p>Note: To update existing PR device, users must first update it to the 23.9.20.67 PR firmware release and then update to the 23.12.1.56 firmware or later. The PR mode will be auto-enabled when the device is updated. Primary Responder mode is automatically enabled if the device has a FirstNet SIM card installed.</p> <p>See your Digi Sales representative or Digi Support for questions concerning affected products. A table with suggested replacement SKUs is provided below.</p>

EOL Part Number	Recommended Replacement	Region	Replacement Type
TX64-A161-PR	TX64-A161	Global	Functional
TX64-R210-PR	TX64-R210	Global	Functional

*Refer to the Digi Certifications page <https://www.digi.com/resources/certifications> for specific regional details.

EOL EXTENSION: This PCN supersedes PCN-230718-02 by extending the LTB/LTS dates as follows

Timing of Change	Last Time Buy (LTB) orders must be received by March 29, 2024 Last Time Shipment Date (LTS): June 28, 2024
EOL Terms and Conditions	<ul style="list-style-type: none">• All LTB Purchase Orders are non-cancellable & non-returnable (NCNR) and subject to final allocation and order confirmation.• Digi reserves the right to make shipments against the total quantity ordered as material becomes available.• Standard warranty policy will apply.
Action Required	Resale partners are instructed to remove EOL SKUs from their fulfillment systems and migrate to the replacement SKUs listed in accordance with the EOL/LTB timelines noted.
Authorization	Cellular Solutions Product Management Digi International Inc.
