Product Change Notification

PCN-ICC-9685-2024

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
ICC - Industrial Cabinet	BE7	Product Change Notification	Notify Distributors and Field	4/2/2024

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

The entire cable duct portfolio and its supply chain are being strategically optimized in terms of design, packaging, resilience and sustainability.

1. The redesign of the "fingers" and it's predetermined breaking point allows the user to remove them in a more controlled manner. The outer dimensions, the color, and the technical properties of the duct remain unchanged. Thus, mixing of the old and new versions is possible, however, the covers of the old and new designs are NOT interchangeable.
2. Packaging quantities are partially adjusted to reduce the packaging variance. Furthermore, the switch to a neutral, non-printed packaging will reduce the product environment footprint.

The existing approvals are extended by DNV GL for halogen free product line, which enables their use in shipbuilding applications.

All modified items can be identified by the production batches.

Please see attachments for further information!

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

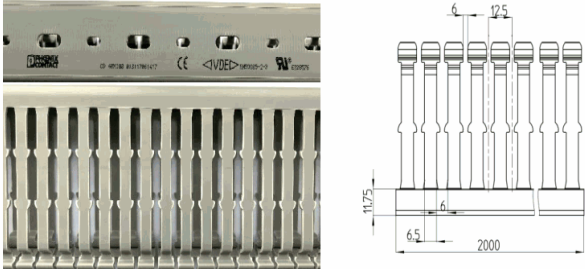

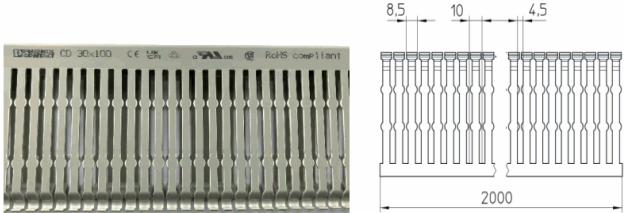

Transaction Dates

Date modification goes into effect from Germany:	5/31/2024
Expected first shipment (from Phoenix Contact) of the modified products(s):	5/31/2024
