## **Product announcement: ID CPR30pro (SAM) replaces ID CPR40.30-USB & ID CPR40.30-SUSB**

FEIG ELECTRONIC GmbH is happy to inform you about the availability of a new HF ISO14443 / ISO15693 desktop reader ID CPR30pro (SAM).

The new reader will replace FEIGs well known and widely used HF Reader ID CPR40.30-USB / -SUSB.

With respect to our long-standing customers and in order to make the migration to the new device more convenient for them, special attention was given to the design of the new reader to ensure the best possible compatibility.

The new ID CPR30pro will have the same housing, HMI components, USB interface, 100% compatible interface and an enhanced performance for smartcards and small inlays/transponders. See the attached preliminary data sheet.

ID CPR40.30-USB / -SUSB will be discontinued to the following dates:

Article-No.	Article	Last acceptance for POs	Last Shipment
2988.000.00	<b>ID CPR40.30-USB</b>	30.09.2023	31.12.2023

As sooner we get your fixed blanket PO as better we can plan and deliver in time. Already placed blanket POs are not influenced and will be fulfilled as planned.

The version ID CPR40.30-A is not affected and will remain.

If you have any questions regarding your potential last order, please get in contact with your known correspondent.

Please consider all these circumstances in your purchase processing.

Sincerely,

**FEIG ELECTRONIC GmbH**
