

June 7, 2024

To: All Belden Channel Partners

From: Smart Buildings Solutions Product Management Team

Subject: July 8, 2024, Smart Buildings Solutions Product Discontinuation Announcement

Belden's Smart Buildings Solutions segment continues modifying the product portfolio to simplify our offering and enhance our service to you. Effective July 8, 2024, a variety of less popular colors and lengths will be discontinued from the Belden and Gepco product lines as well as multimedia inserts for MediaFlex that support legacy technology. A comprehensive list of these products and recommended alternatives is available below to assist with updating your systems.

Backorders that have been scheduled will be honored. New orders will not be accepted after July 8, 2024, unless they can be supported by a limited amount of discontinued inventory which may be available. These orders will be non-cancellable and non-returnable. If interested, please contact Customer Service directly for a stock check as inventory may not be visible on eDesk.

We thank you for your partnership and continued loyalty to Belden as we carry on our commitment to provide the highest level of quality and service. If you have any further questions on these processes, please contact your inside sales representative or call 1-800-BELDEN1.

Product Discontinuations Effective July 8, 2024

Product Family	Item	Item Description	Recommended Alternative
50 Ohm Coax	9252 0101000	M17/157-00001 COAX	None
