Product Change Notice (PCN)

July 3rd, 2024

Supplement to LFPCN# 41497

Product Change Notification for LA, UltraMOV, ZA and C-III Series Radial Lead Varistors

To whom it may concern,

In LFPCN# 41497, we stated that the inner electrode change will be implemented for LA & UltraMOV Series starting from April 1st, 2024 and ZA & C-III Series starting from July 1st, 2024. The change for LA & UltraMOV Series has been implemented per the original schedule. Due to the current capacity limitation, we would like to inform you that the change implementation for ZA & C-III Series will be pushed out to Q2 2025.

Thank you very much for your support. The original LFPCN# 41497 is attached for your reference.

Best Regards,

Amy Chu
Global Product Manager
Littelfuse, Inc.
