RED Flag Notice

Time to End of Commercialization: Effective Immediately

Note: The red flag notification signals an **obsolescence**, withdrawal or discontinuation of an offer.

Product Name(s):	SE Legacy Brand Solid State Relays	Customer Support No.	1(888)778-2733
Product Line Description:	Solid State Relay Families 861, 861H, SSRDIN, 6000, 70S2	Document Issued:	Rev. 7/1/2024 11/14/2023

Description of Change:

(REV. 7/1/2024) Per our previous communication last November, these relays are no longer considered temporarily blocked. All 'SE Relays' / 'Legacy' brand solid-state relays are now obsoleted due to severe upstream supply chain issues. This applies only to the 'SE Relays' solid-state relay families (861, 861H, SSRDIN, 6000 series, 70S2). Current orders can no longer be fulfilled and will need to be cancelled.

NOTE: OBSOLETE Commercial ref# 861SSR210-DC-1/ 861SSR210-AC-1 on the transition tool have been corrected to read: 861HSSR210-DC-1 / 861HSSR210-AC-1 [see under TAB 861H]

All 'SE Relays' / 'Legacy' brand solid-state relays are "temporarily" blocked for commercialization and blocked for ordering due to severe upstream supply chain issues. This applies only to the 'SE Relays' solid-state relay families (861, 861H, SSRDIN, 6000 series, 70S2) and is temporary until supply chain challenges are resolved, backlog filled for existing orders, and lead times decreased. At this time, the recovery date is not known. However, actions are currently being implemented to improve the situation.

Substitutions can be found in the newer Harmony brand of solid-state relays, shown in detail in the transition tool attached. (e.g. all '6000 series' relays can be directly substituted with Harmony 'SSP' relays along with other recommendations).

***Please reference the attached transition supplement for more details.**

Inventory Disposition and Return Policy:

Use to depletion. Standard warranty applies. Ineligible for Stock Rotations. All sales are final.

Critical Dates

Last Buy: (Or Until Inventory Depletion)	Product Support Ends:	Availability Date of New Product:	End of Commercialization
N/A	Rev. 6/31/2025 05/10/2025	Immediately	Rev. 7/1/2024 11/14/2023

Transition Tools:

See attached list of commercial references: "Solid State SE Relays Comm Block Transition Tool 2.0.xlsx"

Definition of Dates:

- Last buy** shall be the last date that we will accept a PO. This date shall take into account the lead time to build the product as well as current inventory levels.
- Product support** shall be 1 yr beyond end of commercialization or last buy whichever the latter.
- Availability date of new product** is when the new products are expected to be orderable.
- End of commercialization** (EOC) if made to stock; this date will be before the last buy date (taking into account the build / shipping lead time as well as current inventory levels). If made to order; this date will equal the last buy date.

Note: Our factories have limited capacities for products going obsolete. Product availability will be set on a first come first serve basis.

Product Photos

Below photos represent direct family substitutes or, if no direct substitute, a general recommended set of relays to help match given features or needs. If there is no direct substitute, consult the entire range of [Harmony relays on the SE website](#) to find the right relay to fit your needs.

861

SSM1/2/3

861H

No direct replacement.
Consult Harmony EMR 782H or 750H for hermetically sealed capability. Otherwise, the SSM or other Harmony families will provide similar basic features.

782H

750H
