

## ATX 24-Pin 90 Degree Angle Power Adapter

G08-ATX24P

### ATX 24-Pin 90 Degree Angle Power Adapter for Desktop Motherboard PC Power Supply

- This angled ATX Power adapter completely solves the problem of excessively large power cords on the motherboard and makes the wiring more beautiful.
- The adapter is designed to change ATX 24-PIN cable installation direction.
- Must install the adapter step by step to avoid shorting pins and motherboard damage.
- Please remove power cable and wait 10 seconds before installation.
- You can install the 24-PIN power cable from vertical to horizontal direction with this adapter.

without us, you are just not connected! ■
