Product Change Notice (PCN)

August 25th, 2024

LFPCN# 41532

Product Change Notification for UltraMOV® Varistor Series - Radial-Leaded Varistors

To whom it may concern,

Per LFPCN# 41497, UltraMOV® Varistor Series inner electrode was changed from Ag to Cu from April 2024. Due to current Cu electrode production capacity limitation, we will resume Ag electrode production for UltraMOV® Varistor Series from September 14th, 2024. During the change transition period, customers are expected to receive both Cu and Ag products until Cu products inventory in Littelfuse warehouse and distribution channels are depleted.

Please see attached the affected part number list and respond to us by September 6th, 2024 to acknowledge this product change notification. If we do not hear from you, we will expect this product change notification has been accepted and no further action is required. Thank you.

Best Regards,

Amy Chu
Global Product Manager
Littelfuse, Inc.
