

Triple Channel Linear DC Power Supply

MPS-H-3C Series

MPS-H-3 Series

DC Power Supply

- One-button series and parallel independent setting, convenient and easy to use
- In series or parallel, direct display of current and voltage values, intuitive and readable
- 4 digits display, 10mV/1mA resolution
- CH1 and CH2 can be controlled independently
- Current can be pre-set without short circuit;
- Slow startup circuit design, small surge current
- Current and voltage output can be set in a certain range, which can prevent misoperation from damaging the tested object
- It can save the output status and value before the last shutdown
- One click to restore factory settings
