APEM ref. 2022101302

PRODUCT END OF LIFE – AS series

By this document, APEM announces the end of sale of our AS series – see some of the stopped part numbers hereafter.

APEM will consider a last time buy until end of 2023, depending on our current stock situation.

There is no immediate alternative as the cut-out is very specific. We recommend you have a look at the 2600 and KR series.

Here are some impacted items (items sold since 2016):
