

Announcement

No. 23-SM024

2 August 2023

Product discontinuation: Various items

Dear All,

We would like to inform you that we are discontinuing some of our products with low sales volume or low productivity. We will also replace some old products by new products. Details are as follows:

1. Products to be discontinued and recommended replacements

Safety and explosion-proof products

Products to be discontinued (Note)		Recommended replacements
a) FS1A series safety controller	All products	FS1B series safety controller (new products to be launched in February 2024)
b) HS1B/HS2B interlock switches	All products	No replacement
c) EPN flameproof pilot lights with transformer	All products with special voltage Part number: EPN1①8② ① Voltage code: 11 (115VAC) / 12 (120VAC) / 17 (127VAC) / 23 (230VAC) / 24 (240VAC) / 25 (254VAC) / 38 (380VAC) / 4 (440VAC) ② Illumination colour code: R / G / O / W / C / S	
d) EZ flameproof buzzers	EZ buzzers for frigid use (make-to-order manufacturing products) Part number: EZ11-ZT3, EZ12-ZT3	

Note: Special products are also included.

Switches

Products to be discontinued (Note)		Recommended replacements
a) KG series miniature key lock switches	All products	LB series key selector switches
b) SLC30/40 series combination display lights	Full voltage flasher type (Code: DF/DFA)	No replacements

Note: Special products are also included.

Announcement

No. 23-SM024

Industrial components products and other accessories

Products to be discontinued		Recommended replacements
a) RU universal relays	All products with coil voltage 12V AC (incl. special products)	No replacements
b) NH1 series circuit protectors	NH1S-3100-**MA-TK1611	
c) NRL series circuit protectors	NRLR1100-3AAA-TK1575-B5	
d) Mounting clip and screw for BN-W/ BNH-W series terminal blocks	BN211-SCW+-P/HM3X8-PK BNM2NP	
e) Hold-down spring for relay/sockets	SR3P-01F1PN10	
f) Mounting brackets for LF1D LED illumination units	LF9Z-1MDE1 LF9Z-1MDF1	
g) BX9Z cable (used with EB3C series relay barriers)	BX9Z-H050E4	BX9Z-H100E4
h) Communication unit for WB2F 2D code scanner	WB9Z-CU100	No replacements
i) Accessories for ISF series photoelectric sensors	IA-501-INNER-PCB-C IM-509-INS-TERM-SC MC-507-TERM-SPRING	
j) Accessories for SA1C series photoelectric sensors	SA9C-CA3D2 SA9C-CA3D5	
k) Coupling spacers for digital switches	DD9Z-FG1L-B DD9Z-FG1R-B	
l) Mounting brackets for HG series operator interface	HG9Z-XJ1PN05 HG9Z-XJ2PN05	
m) Protective sheet for HG2F operator interface	HG9Z-2D2	

Note: Please refer to the item list for details.

3. Schedule

- Last order date : 29 March 2024 (or sooner depending on our stock situation)
- Last delivery date : 28 June 2024 (or sooner depending on our stock situation)

Products to be discontinued will be shift to make-to-order manufacturing starting from 31 January 2024.

Yours sincerely,

Announced by Cho Kiu Lam
