Nature of Change:

Delay in CR123A Label and Packaging

Affected Model:

CR123APA/B, CR-123ADT/1S, CR-123ADT2/B,
CR-123APA/5S

Date of Notice:

26th September 2022

Attention: Valued customers:

The purpose of this notice is to inform that CR-123APA/BD has gone into production. This will be a running change and Panasonic will contact you when it is time to change your orders.

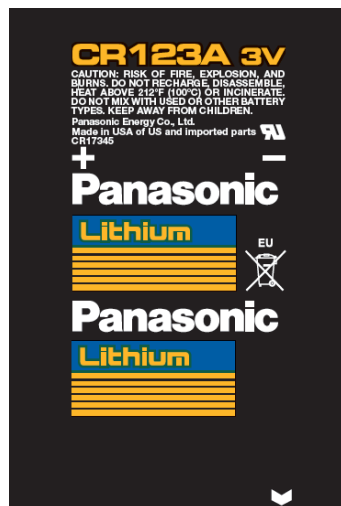

Affected Models

CR123A Panasonic Industrial Brand Models made in the Panasonic manufacturing facility in Columbus, Georgia, USA. The current change is limited to the label. There will be no change to fit, form or function.

Label Design

The design of the Panasonic industrial CR123A label will change from the current black and gold to a gray and black design. This will match the current CR123A product produced by the Panasonic factory in Jakarta, Indonesia.

April 2022

Unified Global Design (In Production)

Packaging

The current inner carton will continue to be used. The Outer carton will be change. The carton quantity will change from 1,200 pieces to 800 pieces. The pallet quantity will change from 38,400 to 43,200.

Timeline

The CR-123APA/BD has gone into production. Panasonic will perform a running change on this part number.

Please contact your account manager if you have any questions or comments.
