

Transfer Plan

HPL 578 – BERGSTIK single-row vertical headers

Product

BERGSTIK single-row vertical headers 2,54mm

With the launch of new automated production lines in COCHIN factory, BERGSTIK headers will progressively be transferred to this additional production site as part of the BERGSTIK global footprint strategy.

Initial manufacturing sites will remain able to produce parts if specifically requested.

Overview

Affected MPNs	Product Family	Initial Manufacturing site
95293-101A03LF	578-5QPF-BERGSTIK SMT	BESANCON

Schedule

Release date	04	Dec	2023
Effective date	1	Apr	2024
Sample availability date	1	Feb	2024

Reason Analysis

- Additional production capacity
- Improved level of service
- Shorter manufacturing LT
- Expansion of production footprint
- Tooling renewal
